PROFESSIONAL SUMMARY

Results-driven Web Developer with 2+ years of experience building and optimizing full-stack web and app applications. Proven track record of delivering responsive, user-centric interfaces and scalable backend systems — including internationally deployed enterprise platforms used by thousands of employees across multiple companies. Passionate about cloud technologies, AI-assisted workflows, and continuous improvement. Cum Laude graduate with strong problem-solving skills and a drive to deliver clean, efficient code.

WORK EXPERIENCE

Freelance Software Developer · *Self-employed* *June 2026 – Present*

- Consult directly with business clients to gather requirements and turn their ideas into working web systems.
- Serve as each client's single point of contact for issues, updates, and post-launch support.

Trackerteer Web Developer Corporation *June 2024 – October 2026*
Web Developer Clark, Pampanga

- Engineered responsive, mobile-first interfaces with React, JavaScript, HTML, and CSS — improving load speed and UX across multiple internal enterprise modules.
- Built and optimized PHP/SQL backend services handling production data for 100+ daily users, reducing processing errors and improving system reliability.
- Collaborated with cross-functional teams to gather requirements, ship new features on schedule, and resolve critical system issues — accelerating delivery cycles.
- Integrated REST APIs between internal and external systems, enabling real-time data synchronization for leave management and RFID operations.

Trackerteer Web Developer Corporation *August 2023*
Web Developer Intern Clark, Pampanga

- Developed frontend task-tracking displays using HTML, CSS, JavaScript, and SQL, improving data visibility for end users.
- Designed and implemented a complete session-based authentication module, establishing secure login and access control for the organization's internal platform.
- Built reusable layout components (headers, footers, navbars) ensuring consistent branding and cross-device responsiveness.

EDUCATION

Tarlac State University *2020 – 2024*
Bachelor of Science in Computer Science **Cum Laude · Dean's Lister (2020–2024)**
